Minutes of the Meeting of the Board of Directors of the Cook County Health and Hospitals System (CCHHS) held on Friday, January 28, 2022 at the hour of 9:00 A.M. This meeting was held by remote means only, due to the determination that a public health emergency exists.

I. Attendance/Call to Order

Chair Taylor called the meeting to order.

Chair Lyndon Taylor, Vice Chair Hon. Dr. Dennis Deer, LCPC, CCFC and Directors Robert Currie; Raul Present:

Garza; Ada Mary Gugenheim; Joseph M. Harrington; Karen E. Kim, MD, MS; Mike Koetting; David Ernesto

Munar; Heather M. Prendergast, MD, MS, MPH; Robert G. Reiter, Jr.; and Otis L. Story, Sr. (12)

Absent: None (0)

Additional attendees and/or presenters were:

Valarie Amos – Chief Human Resources Officer Israel Rocha, Jr. - Chief Executive Officer

LaShon DeFell - Cook County Bureau of Human Rachel Rubin, MD – Cook County Department of Public

Resources

Claudia Fegan, MD - Chief Medical Officer Deborah Santana – Secretary to the Board

Aaron Galeener - Interim Chief Executive Officer, Caryn Stancik - Chief Communications and Marketing CountyCare/Health Plan Services

Jeff McCutchan – General Counsel

Torrick Ward - Cook County Bureau of Human Maciej Mikula - Cook County Bureau of Human Resources

Resources

The next regular meeting of the Board of Directors is scheduled for Friday, February 25, 2022 at 9:00 A.M.

II. Employee Recognition (Attachment #1)

Valarie Amos, Chief Human Resources Officer, recognized a number of employees for their outstanding work.

III. Electronically Submitted Public Speaker Testimony (Attachment #2)

The following testimonies was read into the record:

1. Barb O'Brien Registered Nurse, CountyCare Staff Nurse, Trauma Unit 2. Brigid Wasko

3. Falguni Dave Nurse, Covid Medical ICU at Stroger Hospital

4. Angela Walker Nurse

5. Mia Masuda Nurse, Trauma Department

6. Rebekah Roth Nurse, CountyCare

7. Rahshaan Bolden Registered Nurse Care Coordinator, CountyCare

8. Anna Johnson Registered Nurse, CountyCare

9. Tasha Mosley-Brown Registered Nurse, NNOC MOR Union Steward

Following the reading of the public testimony into the record, Chair Taylor noted that the executive team is working to address the issues discussed in the testimony.

NOTE: action was taken on Agenda Items IV(A), IV(C), IV(D), IV(E) and IV(F) in one (1) combined motion.

IV. Board and Committee Reports

A. Minutes of the Board of Directors Meeting, December 17, 2021

Chair Taylor inquired whether any corrections or revisions to the minutes were needed. Hearing none, he advanced to the next item.

B. Human Resources Committee (Attachment #3)

i. Metrics Review (Committee did not meet in December)

Director Prendergast and Valarie Amos, Chief Human Resources Officer, provided an overview of the Metrics.

C. Audit and Compliance Committee Meeting, January 21, 2022

- i. Meeting Minutes, which include the following action items, which were received and filed:
 - CountyCare Compliance Program FY2021 Annual Report
 - Cook County Health System (Provider) Compliance Program FY2021 Annual Report
 - Cook County Research Compliance Program FY2021 Annual Report

Director Koetting provided an overview of the Meeting Minutes. The Board reviewed the information.

D. Managed Care Committee Meeting, January 21, 2022

i. Meeting Minutes

Director Munar provided an overview of the Meeting Minutes. The Board reviewed the information.

E. Quality and Patient Safety Committee Meeting, January 20, 2022

- i. Meeting Minutes, which include the following action items:
- Stroger Hospital and Provident Hospital Medical Staff Appointments / Reappointments / Changes

Director Gugenheim provided an overview of the Meeting Minutes. The Board reviewed the information.

F. Finance Committee Meeting, January 20, 2022

- i. Meeting Minutes, which include the following action items:
- Contracts and Procurement Items

Director Reiter provided an overview of the Meeting Minutes. He noted that there were a number of contractual items (request numbers 2, 3, 4, 6 and 11) that are pending review by Contract Compliance.

V. Action Items

A. Contracts and Procurement Items

There were no Contracts and Procurement Items presented directly for the Board's consideration.

B. Any items listed under Sections IV, V and IX

V. Action Items (continued)

Director Harrington, seconded by Director Prendergast, moved to approve the following:

- Item IV(A) December 17, 2021 Board Meeting Minutes;
- Item IV(C) Minutes of the Audit and Compliance Committee Meeting of January 21, 2022, which include receiving and filing the annual compliance reports from CCH, CountyCare, and the Research Compliance Program;
- Item IV(D) Minutes of the Managed Care Committee Meeting of January 21, 2022;
- Item IV(E) Minutes of the Quality and Patient Safety Committee Meeting of January 20, 2022, which include the Stroger and Provident Hospital Medical Staff appointments / reappointments / changes; and
- Item IV(F) Minutes of the Finance Committee Meeting of January 20, 2022, which include the Contracts and Procurement Items.

On the combined motion, a roll call vote was taken, the votes of yeas and nays being as follows:

Yeas: Chair Taylor, Vice Chair Deer and Directors Currie, Garza, Gugenheim,

Harrington, Kim, Koetting, Munar, Prendergast, Reiter and Story (12)

Nays: None (0) Absent: None (0)

THE MOTION CARRIED UNANIMOUSLY.

VI. Recommendations, Discussion/Information Items

A. Quarterly Report from the Cook County Department of Public Health (Attachment #4)

Dr. Rachel Rubin, Senior Public Health Medical Officer and Co-Lead, Cook County Department of Public Health, provided an overview of the quarterly report. The Board reviewed and discussed the information.

VII. Report from Chair of the Board

Chair Taylor stated that the Board is committed to the team and staff during what is recognized as very trying times, particularly in the midst of a global pandemic and public health crisis. This is an organization that is undergoing tremendous change, in terms of focusing on improving the quality of services provided to the community. The Board is grateful and appreciative of the work being done and efforts by staff to support CCH's mission.

VIII. Report from Chief Executive Officer (Attachment #5)

Israel Rocha, Jr., Chief Executive Officer, provided an overview of the Divisional Reports and FY23-FY25 Strategic Plan Introduction presented for the Board's information. The Board reviewed and discussed the information.

IX. Closed Meeting Items

- A. Claims and Litigation
- **B.** Discussion of personnel matters
- C. Audit and Compliance Committee Meeting Minutes, January 21, 2022

Director Koetting, seconded by Vice Chair Deer, moved to recess the open meeting and convene into a closed meeting, pursuant to the following exceptions to the Illinois Open Meetings Act: 5 ILCS 120/2(c)(1), regarding "the appointment, employment, compensation, discipline, performance, or dismissal of specific employees of the public body or legal counsel for the public body, including hearing testimony on a complaint lodged against an employee of the public body or against legal counsel for the public body to determine its validity," 5 ILCS 120/2(c)(2), regarding "collective negotiating matters between the public body and its employees or their representatives, or deliberations concerning salary schedules for one or more classes of employees," 5 ILCS 120/2(c)(11), regarding "litigation, when an action against, affecting or on behalf of the particular body has been filed and is pending before a court or administrative tribunal, or when the public body finds that an action is probable or imminent, in which case the basis for the finding shall be recorded and entered into the minutes of the closed meeting," 5 ILCS 120/2(c)(12), regarding "the establishment of reserves or settlement of claims as provided in the Local Governmental and Governmental Employees Tort Immunity Act, if otherwise the disposition of a claim or potential claim might be prejudiced, or the review or discussion of claims, loss or risk management information, records, data, advice or communications from or with respect to any insurer of the public body or any intergovernmental risk management association or self insurance pool of which the public body is a member," 5 ILCS 120/2(c)(17), regarding "the recruitment, credentialing, discipline or formal peer review of physicians or other health care professionals, or for the discussion of matters protected under the federal Patient Safety and Quality Improvement Act of 2005, and the regulations promulgated thereunder, including 42 C.F.R. Part 3 (73 FR 70732), or the federal Health Insurance Portability and Accountability Act of 1996, and the regulations promulgated thereunder, including 45 C.F.R. Parts 160, 162, and 164, by a hospital, or other institution providing medical care, that is operated by the public body," and 5 ILCS 120/2(c)(29), regarding "meetings between internal or external auditors and governmental audit committees, finance committees, and their equivalents, when the discussion involves internal control weaknesses, identification of potential fraud risk areas, known or suspected frauds, and fraud interviews conducted in accordance with generally accepted auditing standards of the United States of America."

On the motion to recess the open meeting and convene into a closed meeting, a roll call vote was taken, the votes of yeas and nays being as follows:

Yeas: Chair Taylor, Vice Chair Deer and Directors Currie, Garza, Gugenheim,

Harrington, Kim, Koetting, Prendergast and Story (10)

Nays: None (0)

Absent: Directors Munar and Reiter (2)

THE MOTION CARRIED UNANIMOUSLY and the Board convened into a closed meeting.

Chair Taylor declared that the closed meeting was adjourned. The Board reconvened into the open meeting.

X. Adjourn

As the agenda was exhausted, Chair Taylor declared the meeting ADJOURNED.

Respectfully submitted, Board of Directors of the Cook County Health and Hospitals System

Attest:

Deborah Santana, Secretary

Cook County Health and Hospitals System Minutes of the Board of Directors Meeting January 28, 2022

ATTACHMENT #2

Madam President and Esteemed Board Members,

My name is Barb O'Brien. I am a registered nurse with CountyCare, an affiliate of Cook County Health and Hospital Systems. I grew up on the southwest side of Chicago to parents who struggled to provide for their family. My father left school in the 6th grade to start work and my mother's shorthand skills and impressive 92 words per minute typing speed made her the perfect candidate for secretarial work. As a young person, I often remember heading to "The County Hospital" as my parents were not able to afford healthcare for us kids. At a very young age, Cook County Hospital became a part of my life.

Just three years ago, I accepted the offer to work as a nurse for Cook County Health. I wish that I could adequately explain the sense of pride that I felt leaving private healthcare knowing that I was becoming a part of the legacy of the public health system. I remember being so full of hope and expectation and so thankful for the opportunity to make a difference in the lives of others. I was so excited to call Cook County Health my employer - my home.

Sadly, the changes of the past three years have left me "expecting the worst, and hoping for the best". COVID-19 has forever changed the landscape of healthcare and nursing. Critical understaffing is at an all-time high, and lucrative agency contracts are being renewed at alarming rates. NNOC nurses have worked tirelessly providing stellar care to our patients and are now experiencing multiple reinfections with COVID DURING THE COURSE OF THEIR WORK. When OSHA mandated medical removal benefits, the county began to provide paid time for nurses who contracted COVID. Now, they are refusing to continue. Omicron is the most deadly, contagious strain to-date. County expects nurses to use their hard-earned personal sick time to cover this work-related illness. *Expect the worst, and hope for the best*.

The mass exodus of nurses has hit home - Cook County Hospital and Health Systems IS hemorrhaging. Staff nurses are leaving for agency positions which is further crippling the system. We NEED to stop the bleeding. We cannot continue to idly standby and watch experienced nurses leave - we need them to know that they are valued and appreciated. NNOC nurses will not abandon hope and are still here as stronger patient advocates than ever. Respectfully, you (board members) have the power to change the narrative and improve the outcomes. Nurses are not asking for Israel Rocha's salary - they are asking for hazard pay, incentives to pick up extra shifts to help with the staffing shortage, and the security of knowing that when (not if) they get COVID (again), their employer will not take advantage of the absence of a mandate to know how to respect nurses. We are hemorrhaging and we need your help. I am urging you to hear the hearts of your nurses and help us to continue to provide safe, compassionate care during this very difficult time. Let's not continue to expect the worst, and hope for the best. Thank you.

2nd statement:

Good Morning Members of the Board of Commissioners,

My name is Brigid Wasko. I have been a staff nurse in the trauma unit for almost nine years and I also coordinate the schedule for the night shift. I am writing because I feel the staffing situation on the night shift is dire. I am sure you are aware of the staffing shortage in regard to nursing, but I also wanted to alert you to the patient safety issues and staff morale issues that have arisen due to John H. Stroger Hospital's temporary solution of hiring agency nurses to staff our units. On the night shift, 9 nurses have left since mid-November and 3 more are now also looking for lucrative agency contracts.

First, there are some patient safety issues. The purpose of an agency nurse is to be experienced and be able to jump in and work on an Intensive Care Unit (ICU). In the trauma unit, we have had agency nurses that did not know how to zero arterial lines and had to be shown how to suction a patient. These are very basic ICU skills that should not have to be taught to a nurse that has any amount of ICU experience. We also had a patient on an incorrect heparin drip for three 12-hour shifts. During all three of these shifts the patient was assigned to an agency nurse. One of our staff nurses caught the error on the fourth shift. An agency nurse infused potassium phosphate into a patient's abdominal drain instead of into his IV. On a night I recently worked, we had a patient in respiratory distress. The agency nurse assigned to that patient thought he was agitated and was going to give him more Ativan for what she thought was withdrawal symptoms. Luckily, we had a few staff nurses there to recognize the actual problem. We called the doctors and intubated the patient. Had that agency nurse given the Ativan, we would have had an emergency intubation instead of the controlled intubation we were able to perform. Our patients deserve better!

Additionally, we are not able to utilize agency staff in the trauma resuscitation area, as this is a specialized area that requires certifications from the state and has a different skill set and flow from the ICU. The agency nurses sent to our area are only ICU trained. We have a 15-bed trauma resuscitation area. California staffing ratios specify 1 nurse to 1 patient for level one traumas and 1 nurse to 2 patients for level 2 traumas. We currently function with 3 nurses in resuscitation. This means 5 patients to 1 nurse. In the past, given an increase in acuity or volume there was a possibility of temporarily flexing certified trauma nurses from the ICU to the resuscitation area. In this way, we were still able provide appropriate care. At this time, flexing nurses would mean leaving the entire ICU to agency staff. Some days we only have 1 staff nurse in the ICU, so there is nowhere to flex from as agency cannot work in resuscitation. Secondly, the morale of the staff nurses is dismal, to say the least. As staff nurses, we must teach and watch over the agency nurses, to make sure our patients are receiving safe competent care. We are willing to watch over them and train them, but they are making 3 to 4 times what the staff nurses are making. This is demoralizing and insulting. Imagine if your assistant, which is basically what these agency nurses are, was making 3 to 4 times your salary.

Would you feel this was a fair practice? Other area hospitals have taken steps to retain their current staff by way of hourly Covid differentials and other staffing incentives. County staff nurses deserve the same consideration. Also, we should not have to use our benefit of paid time off for a Covid related illness, as this is an occupational hazard. As documented in the Occupational Exposure to Covid 19: Emergency Temporary Standard under the need for specific provisions (website below) it states, "OSHA's experience shows the threat of lost earnings, benefits, and or seniority protection provides significant disincentive for employees to participate in workplace medical screening and reporting programs". I believe the fact that we are forced to use our own benefit time for Covid related illness will deter nurses from testing when appropriate and in reporting symptoms, as OSHA has reinforced in this statement. We are currently so tight with our night shift staff in trauma that if we lose many more nurses. we will need to put agency nurses in charge in the ICU or have them work the trauma resuscitation area. This would be extremely dangerous for our patients. Our hospital did well with our last JACHO visit and I believe our safety grade went from an F in 2020 to a C in 2021. I would hate to see all the progress we have made dissipate. I hope this paints a picture of what staff nurses are currently facing and how we are feeling. I am urging the public and the board to support our staff nurses so we can continue on our rise in safety grading and deliver safe competent care to our patients. Thank you for your time.

Brigid Wasko

3rd statement:

My name is Falguni Dave, I am a nurse working in the COVID medical ICU at Stroger Hospital. I want to say that working during a pandemic is nothing short of a real-life nightmare. The pandemic itself has crippled the healthcare field. We are losing nurses due to the long-term effects of COVID, burnout, and most importantly due to the lack of respect for the profession of nursing and being devalued as staff by our employers.

This current surge has made staffing critically short. On top of working drastically short during this pandemic we are being told by Stroger Hospital and its leadership that if we get sick with COVID we will have to use our own earned sick time and vacation time to cover our loss in pay while we recover. If a nurse does not have any time left in these two banks, then they will consider evaluating our individual case and see if we qualify for any additional time. So, if I am the only one who is earning a paycheck for my family, and I fall sick due to COVID while I was taking care of your loved one then my family will suffer because I do not have any time in my PTO bank to cover my loss in pay. So that means I may miss my rent/mortgage payment, I may not be able to provide food and/or any medicine for my family. This is all because Stroger Hospital and its leadership do not think I and my fellow staff nurses at the hospital need the separate COVID time off they are obligated by OSHA to provide to their employees. Which is

needed to give nurses piece of mind knowing that if we get sick while caring for your family, we are in turn covered, regardless of having any Paid Time Off in our bank and that we will be able to take care of our families as well.

This failure to meet our basic needs as frontline patient caregivers in a pandemic underscore how devalued nurses are right now. Where's the outrage? For the nurses who haven't caught covid yet and are still able to work, we don't have enough staff on a regular basis to meet the needs of a covid patient. The highest levels of nursing administration are being pulled to the floor to meet the needs of very sick covid-positive patients who require proning. A lifesaving technique that requires a full team of healthcare staff to complete. Patients are coding, nurses are leaving their staff jobs and participating in the growing churn of bouncing from one understaffed, disrespectfully run hospital system to another. Leaving a wake of underpaid staff nurses behind them, who trained them during their short stay while making thousands of dollars less.

We need to bring dignity back to the profession of nursing as a career, not a contract. We do that by telling our fellow RNs, join or form a union. By telling our allies, support our demands locally by writing your elected officials and following public health guidance to keep our hospital admissions maintainable. And, by reminding all that safe nurse to patient ratios saves lives. It is staff nurses who demand and in real time enforce safe staffing and patient advocacy at the bedside. Support us.

Falguni Dave

4th statement:

Madam President and Esteemed Board Members,

Hello My name is Angela Walker.

I have been a nurse for 23 years and never before has this profession been so strained. Nurses are being overworked at a time when this deadly virus is not letting up. Omnicron is deadly and nursing needs to have adequate staff and WELL-trained agency staff to assist. Showing our nurses that they are appreciated and valued is needed now especially when they are working beside untrained nurses earning up to 5X their pay and then making nurses use PTO for COVID related illnesses is just ludicrous Please give the nurses differential pay and other incentives to be retained at County and feel appreciated.

5th statement:

My name is Mia Masuda. I work in Trauma and in a few months, I'll have been at County for 9 years. Since the discovery of the new Omicron variant, we've seen a surge in the number of trauma patients who are also Covid 19 positive in our unit. To be honest, I've been angry at County for a while now. We are treated as if we are disposable. I feel that you don't care about us frontline workers. What especially made me angry was the addendum and statement issued by County, basically saying that "with the employee vaccine mandate, we think transmission/reinfection with Covid 19 is unlikely, so good luck managing your illness with 80 hours of Covid sick time." Covid is not the same as the flu. It has a lot of delayed complications we have yet to discover. We can get infected multiple times, even with vaccination, and we are constantly getting exposed to Covid just by coming to work.

I have already used up my Covid hours because I got sick when the pandemic first started in 2020. Since then, a number of new variants have come out. It is unethical to expect us to only get sick once or not get sick at all with vaccination when science has proven that is not the case for most people with this virus. We need protection, not only from the Covid 19 viruses with appropriate PPE, but also financially when we do get sick. I do not have any benefit time left to use for Covid related illnesses. I am forced to NOT get paid when I get sick from Covid. I feel financially, emotionally and physically vulnerable just to come to work. We should not have to feel like this. We deserve better treatment. We deserve more appreciation. As travel nursing has become a very popular option for nurses due to attractive salaries, that is one way to show you care about us and retain the staff. Additional differentials for Covid and improved Covid benefit time is a start. Please support nurses who are putting their own health and potentially their families' health at risk to care for YOUR loved ones.

6th statement:

My name is Rebekah Roth and I work for CountyCare, an affiliate of Cook County Health and Hospital System. I have been working in county for 16years. County nurses have been working so hard since the pandemic started without much gratitude from the employer. Though many nurses retired or resigned with many reasons, the remaining nurses are pushed more and more to do the work of many. All nurses are burned out due to heavy workload and critically short staffing. Staff nurses are being expected to do their job and the job of the agency nurses. Nurses would rather work OT with an agency than OT to help our system as the working conditions are terrible. Nobody can do the job of two nurses and get paid 3x less than the agency nurses.

With heavy load of working in CCH, nurses become mentally and physically drained out so, it is easy to be targeted by COVID virus, and easily expose to COVID virus. Exposing to the virus is not our choice.

Please understand our CCH nurses who are taking care for the seriously illness patients. Nurses needs also support and understanding from the Board. In that way, we will feel that the board support the meaningful and important work of the CCH nurses.

7th statement:

Madam President and Esteemed Board Members.

My name is Rahshaan Bolden-

I am a Registered Nurse Care Coordinator with CountyCare, an affiliate of Cook County Health and Hospital Systems. I have worked for Cook County for over 2 years. I believe that all nurses that are working in direct care of COVID patients and being exposed to patients with COVID should receive additional pay benefits due to the safety risks for themselves and their families. COVID has taken a heavy toll on all nursing staff and to be asked to risk your safety without additional compensation or is not fair. The additional covid pay should be extended due to the prolonged effects of the continued pandemic. No one should have to use their own personal time for an illness that they got from work. Our earned sick time is for when we are sick – not for when we get sick due to our jobs. I urge you all to be mindful and show appreciation for your nurses who have worked diligently over these past two years to keep all the CCH facilities running well.

The system is already strained and now with Omicron, there are talks of deploying nurses to different parts of the CCH system again. Last year, I was sent to the jail and was placed at significantly higher risk and exposure than in my current position, and no one cared. Nurses who are pulled from their current position and sent out should be provided with fair compensation and for the increased risk. If they want to keep staff nurses at the County, then they need to teat them right – provide them with training, engage them in the deployment, provide sick pay if the nurse gets COVID, and compensate them fairly. Staff nurses are leaving for agency – when will we realize that something needs to change?

Thank You Rahshaan Bolden

8th statement:

Madam President and Esteemed Board Members,

My name is Anna Johnson and I am a registered nurse with CountyCare, an affiliate of Cook County Health and Hospital Systems.

When I describe my nursing job, I always tell people I am a community health nurse- I work in the community, in people's homes, to help them live with as much health and happiness as possible. I am passionate about the work I do but I know I could do more, and make a larger public health impact, if I wasn't bogged down by continuous discussions that show a disrespect and lack of prioritization of my nursing role. My nurse colleagues and I are repeatedly and consistently surrounded by issues related to staffing, pay, benefits, and safety that create an unsupported and undervalued work culture. I want to give 100% to my patients and the health of the community but instead I am forced to spend my mental energy worrying and working to hold leadership accountable and fight for fairness.

My name is Tasha Mosley-Brown, I am a registered nurse in the MOR at JSH. I have recently entered into my 20th year of nursing here in the CCHHS. In the last 2 years since the start of this pandemic, I can sadly say that this has been the worse of my nursing career. The pandemic as a whole has changed my life forever. CCHHS in the last two years has not only disappointed us, but outright left us out on a ledge to fall without a life jacket to save us. The staff turnover, morale, atmosphere is so sad and it makes you question your reason for coming through these doors .

I remember when I first applied to this institution in 2000, it took 9 months to receive a call back. It was so hard to obtain employment at the "County". Now, no one applies and CCHHS is ran primarily by agency staff, the "county" staff are now the minorities in what was once a well-respected institution. Our patients are at a disadvantage due to the high turnover of staff that simply are here for a "quick" buck. The loyalty or lack thereof to your "home" staff is saddened and it shows when we are constantly asking leadership, BHR, commissioners, for incentives that were negotiated in our contract, COVID incentives, vacation/sick accrual, time off for covid related incidents, yet the temporary "high paid" agency staff are given all the benefits that we are asking for as well.

We ask that you value us as people and not look at us as a body filling in a slot for the shift. We are human beings that have feelings, family, hearts, heath conditions and simply put highly trained dedicated professionals that have dedicated our lives to care for the ill.

Thank you for listening, be safe and stay well.

Respectfully, Tasha Mosley-Brown, BSN, RN NNOC MOR Union Steward/Bargaining Member

HR Optimization

The 2022 Human Resources Reboot

HR Optimization

HR that Makes a Difference

HR is implementing critical strategies to become a trusted Cook County Health business partner:

- Create innovative recruiting solutions from start to end.
- Assess workflows and identify process improvements.
- Provide meaningful data and analytics to predict HR outcomes.
- Leverage technology and automate manual tasks and workflows.
- Enhance productivity, recruitment effectiveness and support to the health system.

HR Optimization - Planning Phase

Our Need

100-day review established need

- SWOT analysis documented key opportunity areas for HR improvement
- Prioritized opportunities are tracked in project plan

Identified technical integration needs

- New system strategy moves our HRIS toward integration
- Building transparency through reporting and dashboards

Partnering to move deliberately and fast

 Consulting partner will bring project management, HR expertise and technical assessment support

Focusing on meaningful change

- Establishing wins on leadership defined priorities
- Creation of roadmap to show when changes are expected

Improve our HR game

- Create sustainable improvements
- Identify next wave of strategic priorities

HR Optimization - Deliverables

Defined outcomes

Proposed Quick Wins

- SOP development and process workflows
- Voice of the Customer analysis
- Taleo configurations (e.g., application, candidate communications)
- Pre-screening question library
- Job description library
- Employment Plan recommendations

Transformation

- Future State Design (e.g., candidate experience personas and journey maps, operating model)
- Process Roadmap and Value Case
- Drive change for prioritized initiatives
- Training tools and job aides

HR Operations

- Metrics/Predictive analytics
- Published reports and dashboards
- Streamlined recruitment processes; recruitment effectiveness, aligned with best practice, coupled with contemporary methods
- Onboarding of new hires/contract staff
- Offboarding process exit interview process enhancement

HR Optimization - Proposed Timeline

Prep/ Contracting Weeks 1-4 Weeks 5-8 Weeks 9-12 Weeks 13-16 Weeks 17-20 Weeks 21-24

Workstream 1: Quick Wins

- Identify quick wins that can add immediate value
- Execute prioritized quick wins

Workstream 2: Transformation Assessment

- Perform Voice of the Customer reviews
- Design Future State Talent Acquisition
- Develop roadmap and value case to achieve future state

Workstream 2: Transformation Implementation

• Perform detailed design and implementation of first set of aligned priorities from roadmap

Workstream 3: Operational Support (full support or subset)

- Provide candidate sourcing support
- Provide pre-recruiting and job posting support
- Provide ongoing candidate evaluation, selection, and job offer support

FY22 Metrics

HR Metrics

Cook County Health and Hospitals System Minutes of the Board of Directors Meeting January 28, 2022

ATTACHMENT #4

Cook County Department of Public Health First Quarterly Report, January 2022

Review of Core Public Health Functions &

Effects of COVID-19 Pandemic, Part 2

Environmental Health Unit

Environmental Health Unit Core Programs

- Food Safety
- Nuisances
- Pest Control
- Tick Bite Prevention
- Fight the Bite Cook County: West Nile Virus and Mosquito Abatement
- Swimming Pools and Spas
- Tanning, Body Art & Piercing
- Water and Sewage
- Lead Risk Assessment and Mitigation

Food Program-COVID Impact

- Changed our focus of inspections to preventing the spread of COVID
- Focused on the critical items of food safety
- Management developed handouts for the inspectors and shared with the towns
- Inspectors reviewed the above handouts with food establishments and gave guidance
- Addressed COVID complaints in food establishments/food manufacturing plants
- Conducted inspections of food manufacturing plants with COVID positive cases
- Guidance to food establishments/food manufacturing plants on how to handle COVID positive employees and environmental procedures
- Have resumed regular inspections and continue to investigate violations of CCDPH Orders

Swimming Facilities-COVID Impact

- Most swimming pools were closed/ceased operation during 2020
- Focused on COVID-related complaints at fitness centers/pools
- Review of residential swimming pool plans increased during COVID;
 - PLAN REVIEWS for 2019 22
 - PLAN REVIEWS for 2020 45
 - PLAN REVIEWS for 2021 46
 - Homeowners were home more often, and construction increased
- Understanding/Disseminating Information from CDC, IDPH, DCEO to Pool Operators to provide instructions for cleaning/sanitizing and stepping up sanitation procedures between guests use
- Increased guidance to Inspectors' inquiries about closing pools when staff or patrons became ill, and isolation was necessary
- Many pools were found operating despite a closure mandated by the Governor, attempted enforcement by inspectors to shut down facilities and notify the State

EHS – COVID Impact On Private Water & Sewage

Program - Activity

Program Impact

Plan reviews and permitting for private sewage disposal (septic), wells, and property renovation proposals

Two-week minimum wait time to start review

Septic, well & Legionella complaint inspections and investigations

Unimpacted

Safe drinking water & noncommunity public water systems Delays in following up on IDPH requests, facility compliance notices and reporting.

Septage Hauler Permitting

Inspections unfinished for 2021 cycle

Lead Poisoning Prevention & Healthy Homes – 3 units; 1 goal: eliminating lead exposure in SCC

Nursing

Public Health Nurse case management
Home visits
Developmental assessment
Nutritional assessment
Family education
Patient Advocacy
Social Service and medical referral

Environmental

Home risk assessments
Mitigation notices
Enforcement
CCDPH-funded abatement program
Family education
Assistance with correction of lead paint hazards

Prevention Services

Policy, systems & environmental change HUD-funded remediation program Community and provider education Technical assistance

Education, outreach, and community engagement

Lead Poisoning Prevention & Healthy Homes

Policy, systems & environmental change

- Early Intervention- lead exposure now criteria for automatic eligibility
- Lead Ordinance for suburban Cook County

HUD-funded remediation program

- First funding cycle = approx. 90 units remediated
- Application submitted for second round of funding

Community and provider education

Website resources, in-office education, video tutorials

Technical assistance and data

Community lead action plans; consolidated plan assistance; grant support

Radon testing program and energy efficiency referrals

Lead Program-COVID Impact

- As of July 2020, the Lead Risk Assessors (LRA) returned to providing lead hazard assessments of homes of lead exposed/poisoned children and pregnant women.
- CCDPH's lead-in-paint hazard reduction work with our contracted Lead
 Abatement Contractors have resumed on homes that are income-qualified for a CCDPH Local Grant or a HUD Grant.
- LRAs continue to consult with parents and guardians of elevated blood lead (EBL) children and pregnant women
 - provide educational materials
 - complete paperwork
 - consult and advise property owners
 - work with contracted Lead Abatement Contractors on grant-approved homes,
 - conduct follow-up inspections and conduct clearance inspections

CCDPH Worker Protection Program - COVID-19

Education

 Educating employers and workers of their rights, responsibilities, and best practices for reducing transmission of COVID-19 to promote healthy and safe workplaces.

Reporting

 Assuring workers have a safe, confidential way of reporting violations to identify noncompliant employers. Confidential and secure.

Compliance

 Supporting employers and workers to comply with recommendations and requirements to reduce COVID-19 transmission.

Workplace Violations

- CCDPH Environmental Health Services Unit responds to reports of violations
- Extensive relationships with municipalities, retail food establishments & other sites
 - License and inspect all retail food facilities in unincorporated Cook County
 - Intergovernmental Agreements with 29 suburban municipalities to inspect their retail food facilities
 - Responsible for inspecting other workplaces and facilities such as swimming pools, tattoo parlors, tanning salons and other venues
- Expertise and experience with investigating complaints including outbreaks of foodborne illnesses and "nuisance" complaints and providing technical assistance and enforcement

Orders Enforcement

- Prioritized COVID-related complaints (Masking; Vaccination and Testing requirements)
- Referred to local municipality or handled directly by CCDPH staff
- Most complaints resolved by providing guidance and/or informing of current Mitigation
 Order
- Further administrative action taken on a case-by-case basis
- COVID mitigation violations received and responded to for the months of November 2021 and December 2021: 58
- COVID mitigation violations received and responded to since newest Order Jan 3: 32

Communicable Diseases Prevention and Control

The CD Control and Prevention Unit is comprised of Six programs + One (Contact Tracing Initiative):

- 1. General Communicable Diseases (e.g., gastro-intestinal illnesses, rabies)
- 2. Vaccine-Preventable Diseases (e.g., measles, mumps, pertussis)
- 3. Sexual Transmitted Infections (STI)/HIV Surveillance and Prevention (e.g., chlamydia, gonorrhea, syphilis, HIV)
- 4. Tuberculosis Surveillance and Prevention
- 5. Infection Prevention (e.g., carbapenem-resistant Enterobacteriaceae [CRE], healthcare-associated infections)
- 6. Enhanced Surveillance (e.g., syndromic surveillance)
- 7. Contact Tracing Initiative (CTI) (COVID-19 case investigation & contact tracing)

From the Beginning of the Pandemic

- Second known case in the USA in suburban Cook County Jan 2020, extensive hospital-based investigation
- Spread into community, CD Unit leveraged existing staff; n=25
- First group of tracers brought on in November 2020
 - Usual non-COVID case load: 5,000 investigations
 - COVID-19: Until tracers brought on investigated 76K cases= ~15x higher volume than usual
 - To date: 428K+ cases in suburban Cook County investigated
- Most CD line staff rotated off CTI investigation duties March 1, 2021
- Majority of CTI staff onboarded by this time
- Senior CD staff continue work on facility-specific outbreaks and assist with school guidance

Communicable Diseases-COVID Impact

Case investigation on non-COVID-19 continued, but...

- Lockdown to present → STI Fieldwork done from desks
- STIs, Tuberculosis, others reduced: pandemic-related delays in healthcare seeking, diagnoses
- Long-term care facilities <u>not focused</u> on other chronic infections and C. auris—all COVID-19
- There are likely to be "rebounds" in case loads across all 6 programs as pandemic winds down

Communicable Diseases-COVID Impact (cont.)

- Prevention initiatives begun in 2019 still on hold; planned collaborations still on hold. Hope to re-boot STI initiatives
- Regular surveillance reports production was off cycle working to catch up; still missing final data files from IDPH for STIs for 2020+2021
- Human Resources pushed through several positions for CD in 2020+2021, but not complete; still trying to post and fill positions, some as far back as 2018

Contact Tracing Changes for 2022

- Illinois Department of Public Health has centralized case investigation and contact tracing as of mid-January 2022
- With limited exceptions, all cases go to IDPH Surge Center
- All cases receive automated SMS from IDPH; cases can opt into investigation and cases advised to self-notify contacts
- CCDPH continues to investigated congregate settings, clusters, school issues
- CTI staff continue to support community engagement activities
- Changes to CTI staffing were planned in advance of CTI changes by IDPH and are moving forward by HR/Labor/AFSCME
- This change will be the beginning of CD Unit returning to (new) normal operations toward the end of 2022

Epidemiology

The Epidemiology Unit | Organizational Chart

The Epidemiology Unit | Principal Functions

- Compiles and evaluates secondary data such as population, housing, vital statistics, hospitalization, risk factor and other relevant public health-related data;
- **Designs and implements primary data collection instruments** such as health surveys to gather timely information on behavioral health risk and disease prevalence among youths and adults;
- Analyzes data to identify geographic patterns, health inequities, disparities in public health outcomes and care provision within and across the CCDPH jurisdiction;
- Develops and maintains datasets, reports, interactive dashboards and other information for the purpose of sharing and communicating needed public health information; and
- Continually seeks opportunities to learn, innovate and grow by collaborating with other Cook County, CCDPH units and staff as well as external community-based organizations and research institutions to carry out high-impact projects.

The Epidemiology Unit | COVID-19

Evaluation and Collection Data **Estimated counts of population subgroups** in CCDPH jurisdiction for phased rollout of COVID-19 vaccine.

Developed a system for processing and harmonizing COVID-19 vaccination data by **CCDPH provider** across data sources.

Updated CDC's Social Vulnerability Index using latest data to help identify CCDPH communities at risk of experiencing COVID-19 burden.

Using a series of indicators, identified 32 communities in CCDPH's jurisdiction to **prioritize** COVID-19 vaccination outreach efforts.

Developed **internal dashboard for** exploring COVID-19 vaccine inventory and allocation by provider and CCDPH community.

Designed COVID-19 vaccine management dashboard for identifying the inventory and geographic distribution of vaccines by provider.

Designed and maintained dashboard to inform and summarize CCDPH's COVID-19 mobile, hyper-local vaccine strategy.

Developed reports concerning the: (1) potential impact of seasonal populations on COVID-19 vaccination strategy; and (2) vaccine equity.

Communication and Analysis ata

Cook County Health and Hospitals System Minutes of the Board of Directors Meeting January 28, 2022

ATTACHMENT #5

Divisional Reports

Strategic Highlights & Opportunities of CCH Operating Divisions

January 28, 2022

Strategic Highlights

- The Patient Support Center answered more than 36,400 patient calls in December with an avg. speed of answer under 60 seconds. CCH merged and relocated the COVID-19 testing and vaccine call center staff to the Harrison Square building.
- The CCH non-emergency transportation fleet completed more than 4,300 patient transports in December (62% of the trips were for CountyCare members).
- We reduced the Dermatology referral wait list by 27% and Hematology by 20% over the last month.
- Our Heart Failure Clinic accommodates all patients discharged from Stroger with a diagnosis of heart failure within fourteen days.
- We have a new Cardiology Post-Service Clinic. Here, all patients who were seen by the cardiology consultative team in-hospital (on wards & CCU) are guaranteed an appointment post-hospital within seven to ten days and seen by the cardiologist who followed them in-hospital (this promotes excellent continuity of care and helps prevent readmissions).
- CCH continues to work to optimize schedules to improve access for complex patients. Currently, we are working with the medical subspecialties to streamline the referral ordering process to schedule patients more efficiently for a specialty appointment.
- CCH enrolled 295 participants MCH HRSA Healthy Start Grant for the year 2021. Our goal is to identify and enroll 300 pregnant women, 300 preconception or postpartum women or children, and 100 men by March 2022.

COVID-19

- Working in collaboration with state and local authorities, CCH reopened mass vaccination sites in Forest Park, Matteson and DesPlaines. Hours of operation will be Tuesday through Saturday, 8am to 6pm, and Sundays 10am to 4pm. Patients can make appointment or walk-in. We continue to offer vaccinations at all CCH community health centers as well as at Stroger and Provident hospitals.
- Our Morton East community health center assisted the Morton East School District with vaccinating students who were not vaccinated/non-compliant with the district's vaccination mandate.
- Cook County Health provides COVID testing at six locations by appointment. More information is available on the CCH website.
- CCH will provide Paxlovid and Molnupiravir (a monoclonal antibody) for high-risk immunocompromised patients and patients with contraindications for the COVID-19 vaccines. We are training staff to follow receipt of the new prevention modality.

Strategic Opportunities/Challenges

- CCH continues to work to optimize schedules to improve access for complex patients. Work is currently underway with the
 medical subspecialties to streamline the referral ordering process to schedule patients more efficiently for a specialty
 appointment.
- Reviewing ways to co-locate services to enhance the patient experience and deliver high quality and coordinated services.
- Identifying services with immediate access to pilot patient self-scheduling.
- Working to launch dental services at Belmont Craigin, Blue Island, and North Riverside community health centers.
- Intend to launch process improvement (PI) training for lead providers and managers, with the goal of providing to them an educational foundation in PI methodologies to improve efficiencies within clinics and improve priority metrics.
- Procuring new computers with video capability that will enhance the provision of telehealth and virtual meeting functions for staff, as well as tablets to assist with translation needs and improve provider documentation
- Working with Human Resources to prioritize hiring needs across ambulatory.

Cermak Health Services

Strategic Highlights

- Ongoing Patient Vaccination. Through December 31, 2021, more than 13,600 doses of COVID vaccine have been administered to patients at Cermak including boosters for those eligible.
- Current vaccination rates of active patients housed in the jail are 63.1% received at least one dose and 52.7% have received two doses.
- Preparation for National Commission on Correctional Health Care (NCCHC) Accreditation continues. Survey is expected in 2022. JTDC reaccreditation survey also expected in 2022.

Strategic Opportunities/Challenges

- Expanded housing footprint due to COVID uptick has required ongoing pivoting of staff and services to areas formally shuttered.
- Transfers to the Illinois Department of Corrections have stalled again with 775 detainees remanded to IDOC remaining at Cook County Jail.
- COVID protocols, testing and vaccination remain critical strategies to mitigate and contain COVID at the jail.
- Working with Human Resources to prioritize hiring needs across ambulatory.

Cook County Department of Public Health

Strategic Highlights

COVID

- From December 1-31, 2021, our vaccine providers reported 1,383 total vaccine doses administered at 23 completed mobile/pop-up vaccination clinics at community sites
- o To date, CCDPH partner providers completed 3613 in-home vaccinations
- To date, CCDPH has distributed 335,780 BinaxNOW tests to organizations
- Contact tracing:
 - December: 68,228 cases; 50.1% attempted in 48 hours, 68.9% attempted overall.
 - December: 4,416 contacts, 89.8% attempted in 48 hours, 94.7% overall.

Behavioral Health

CCDPH distributed 191 kits of naloxone, an opioid overdose reversal medication, to six suburban organizations in December, including the Maywood Public Library District, the Harvey Police Department, and the Robbins Police Department. As of the end of December 2021, 739 kits have been distributed to law enforcement agencies, and 231 kits have been distributed to community-based partners. CCDPH has been prioritizing distribution to police departments in underserved communities and community partners that serve people who are at risk for opioid overdose.

Chronic Disease Prevention / Health Promotion

CCDPH is partnering with Chicago Food Policy Action Council to help organize the annual Chicago Food Justice Summit, being held virtually February 23-25, 2022. There will be a Cook County Good Food Purchasing Session highlighting the County's Good Food Purchasing Policy implementation in panel discussion.

Strategic Opportunities/Challenges

- Communicable Diseases received a \$100,000 grant from NACCHO to support infection prevention assessments and other activities around long-term care facilities.
- Working with community-based organizations to extend contracts for hosting COVID-19 clinics and providing health education within the community.
- Working with Human Resources to prioritize hiring needs.

Strategic Highlights

- MCO Contract Extension with State of Illinois HFS through 2025
- Continued membership growth, now exceeding 425,000
- Quality initiatives underway to meet state defined quality measures for 2021
- Completed in-sourcing of care management contract in 4th quarter 2021
- Staff re-location to Harrison Square expected in 1st quarter, 2022, with cost savings of over \$600,000 from current office space.
- Health Plan Services total profit through November 2021 is \$10M. Closing FY 2021 year-end with a balanced budget
- IGT renegotiation with targeted savings of \$15-\$20M
- Administrative contract renegotiations with targeted savings of over \$10 million with over \$15M completed through December

Strategic Opportunities/Challenges

- Transitioning to new care management system developed internally at CCH planned for February
 1st, 2022
- Multiple RFPs are currently posted and/or under review.
- Call Center Service Level Agreement (SLA) have improved.
- Dedicated cost reduction efforts to reduce MLR spend are underway.
- Preparations for open enrollment period for Medicaid and Medicare underway.
- Working with Human Resources to prioritize hiring needs

Strategic Highlights

- Offering monoclonal antibody therapy to reduce COVID-19 hospitalizations.
- Installation of the MRI scanner is complete.
- Phase 1 Ambulance Bay renovation work is underway with expected completion in 1Q22.
- Developed surge plan to expand hospital capacity during COVID surge.
- Dialysis center partnership with University of Chicago is underway.

Strategic Opportunities/Challenges

- HVAC system being addressed to ensure optimal OR and procedure needs.
- General facilities upgrades continue including painting, lighting and furniture are in progress.
- Repair of the pneumatic tube system is complete.
- Preparing for accreditation surveys for mammography, nuclear medicine and lab.
- Working with Human Resources to prioritize hiring needs.

John. H. Stroger, Jr. Hospital

Strategic Highlights

- Handwashing compliance initiatives are yielding positive results.
- Organization accommodating surge of covid cases and census increases with relative moderate delays in ER throughput and modest surgery rescheduling to level the census and demand.
- Supplies including PPE keeping pace, and within allocation guidelines
- Additional beds and stretchers received as part of COVID surge planning.

Strategic Opportunities/Challenges

- Developing plan to increase surgical volumes.
- Creating integrated oncology service line.
- Evaluating options for expanded chaplaincy services.
- Working with Human Resources to prioritize hiring needs.
- Agency rates are at a premium versus standard wage rates given post-covid job market. Ongoing onboarding occurring to fill gaps.

Strategic Plan Requirements

CCH enabling Ordinance Sec. 38-82:

......the System Board shall develop a Strategic and Financial Plan covering a period of three Fiscal Years

.....shall include in each Strategic and Financial Plan estimates of revenues

.....the County Board shall approve each Strategic and Financial Plan

CCH Mission and Vision

Mission: To deliver integrated health services with dignity and respect regardless of a patient's ability to pay; foster partnerships with other health providers and communities to enhance the health of the public; and advocate for policies which promote and protect the physical, mental and social well-being of the people of Cook County.

Vision: In support of its public health mission, CCH will be recognized locally, regionally and nationally – and by patients and employees – as progressively evolving model for an accessible, integrated, patient-centered and fiscally-responsible health care system focused on assuring high quality care and improving the health of the residents of Cook County.

Strategic Pillars Supporting the Mission and Vision

Fiscal Resilience

An Assessment of Our Current State

Mapping Out The Road Ahead...

STRENGTHS

 Strengths describe what an organization excels at and what separates it from others: a strong brand, loyal patient base, a strong balance sheet, assets, unique technology, etc.

WEAKNESSES

 Weaknesses stop an organization from performing at its optimum level. They are areas where the business needs to improve to remain competitive: a weak brand, higher-than-average turnover, high levels of debt, an inadequate supply chain, or lack of capital.

THREATS

 Threats refer to factors that have the potential to harm an organization. For example, overturing ACA is a threat to our Medicaid Patients as it may reduce their eligibility for health care coverage.

OPPORTUNITIES

 Opportunities refer to favorable external factors that could give an organization a competitive advantage.

Engaging Critical Stakeholders

- Patients
- Employees
- Community Advisory Councils
- Community and Partner Organizations
- Labor Unions
- CCH Leadership
- CCH Board Directors
- Cook County Board of Commissioners

Feedback from stakeholders will be obtained through online questionnaires, virtual forums, meetings and more as the COVID environment allows.

Timeline

February/March Stakeholder Feedback on Strengths, Weaknesses, Opportunities, and Threats

March Review and Aggregation of Feedback from Stakeholders, Goals and

Milestones

April Draft Strategic Plan submitted to CCH Board

May CCH Board Strategic Plan Vote

June Submit Strategic Plan to Cook County Board

July County Board vote on CCH Strategic Plan

August Strategic Plan-Informed budget presented to the CCH Board

Questions?

ISRAEL ROCHA, JR.
CHIEF EXECUTIVE OFFICER
REPORT TO THE BOARD OF DIRECTORS
January 27, 2022

Employee Recognition

Last week, Cook County Health re-opened three of its mass vaccination sites. The goal of the mass sites is to make the COVID-19 vaccine easily accessible for individuals who are having difficulty finding an appointment or want the convenience of being able to walk into a community site. A large team of Cook County Health staff worked together to quickly set up the sites, with support from Cook County and the State of Illinois. The three sites in Des Plaines, Forest Park and Matteson have administered more than 5,200 doses of vaccine since re-opening. About 19% of those shots were first doses and 78% were booster shots.

Our mass vaccinations sites and community vaccination program have been instrumental in helping vaccinate Cook County. More than 965,000 doses have been administered.

Cook County Health's mass vaccination program was recently recognized with the Chicago Health Executives Forum (CHEF) and the American College of Healthcare Executives (ACHE) Award in the category of service excellence.

Activating mass sites requires a large, well-coordinated team. In addition to our partners from the President's Office, the Bureau of Asset Management, the Cook County Department of Emergency and Regional Security, dozens of CCH team members rallied working evenings and weekends to operationalize these sites.

Thank you to the entire team who made these sites possible, including the following individuals for their important contributions:

- Iliana Mora, Chief Administrative Officer, Ambulatory Services
- · Josh Ablis, Director of Project Management and Operational Excellence
- Jackie Boone, Patient Services Director
- Sherman Bunch, Vaccine Site Manager
- Claudia Burchinal, Director of Ambulatory System Operations and Business Development
- CaTrice Groves, HR Operations Manager
- Kate Hedlin, Communications Manager
- David Herrera, Senior Contract Specialist
- Dr. Greg Huhn, Vaccine Lead
- Charles Jones, Chief Procurement Officer
- Ratna Kanumury, PA, Executive Director of Ambulatory Operations, Specialty Care
- Amy Looi, Director of Clinical Informatics
- Kathy Lorenc, Director of Strategic Sourcing & Procurement
- Darnel Marsh, Manager, Desktop Support Services
- LaTrice Moore, Assistant Administrator
- CaTanya Norwood, PharmD, System Director of Pharmacy
- Marisol Nunez, ACHN COVID Vaccine Program Lead and Clinic Manager
- Alisha Patel, Assistant General Counsel
- Bryan Pravel, Technology Information Officer
- Dr. Nimmi Rajagopal, Associate Chair of Family Medicine
- Dan Ruiz, Director of Materials Management

- Adam Weber, Interim Executive Director of Operations and Support Services
- Dawn Whitfield, HR Project Manager

Activities and Announcements

COVID-19 Update

After several weeks of significant increases, inpatient admissions for COVID are decreasing as are cases at the jail. Daily briefings with the management team continue to monitor bed capacity, staffing and supplies.

Cook County Health continues to offer COVID vaccination to employees, patients and the community. CCH has administered more than 960,000 vaccine doses to date and recently reopened its mass vaccination sites in Matteson, Forest Park and Des Plaines.

CCH and CCDPH are distributing KN95s to the general public through mass sites, CCH community health centers, community-based organizations and more. CCH will hold a mask awareness day at Matteson on February 2.

Both CCH and CCDPH continue to offer vaccines, including booster shots, in the community. A full list of locations, dates and times can be found here">here.

Behavioral Health

On January 25th, Cook County Board President Toni Preckwinkle, CCH CEO Israel Rocha held a press conference to announce a five-year \$2.6 million grant to CCH fund opioid use treatment programs from the US Department of Health and Human Services (HHS) Substance Abuse and Mental Health Services Administration (SAMHSA). Project REACCH-OUT: Rapid Engagement and Access at Cook County Health for Opioid Use Treatment will provide funding to enhance the treatment and recovery of individuals diagnosed with opioid use disorder (OUD) and substance use disorder (SUD) by implementing a rapid access, low-barrier and high-capacity bridge clinic in the Illinois Medical District.

The bridge clinic be a safety-net for people struggling with OUD and SUD who are in between care settings – such as leaving jail or a hospital and in need of health care services, people returning to care, or those without an ongoing relationship with a health care provider. A combination of in-person assessments, telehealth visits, and outreach and community events will be used to engage patients.

The clinic will offer medication-assisted treatment (MAT) services for vulnerable individuals who are unable to access immediate services and are therefore at a higher risk of relapsing or overdosing after a period of sobriety. The aim is to serve 160 people during its first year and 240 each year following.

Food As Medicine

As access to healthy food remains a great need for our patients and communities, the Fresh Truck partnership between Cook County Health (CCH) and the Greater Chicago Food Depository (GCFD) continues. The onset of the COVID-19 pandemic required CCH and GCFD to develop and implement revised protocols for the Fresh Truck distributions that allow for appropriate screenings and social distancing to protect patients, as well as CCH and GCFD staff and volunteers. These revised protocols are in place until further notice.

Through mid-January 2022, CCH's Fresh Truck partnership with the Greater Chicago Food Depository (GCFD) resulted in 367 visits to CCH health centers – Arlington Heights, Austin, Blue Island, the CORE Center, Cottage Grove, Englewood, Logan Square, North Riverside, Provident/Sengstacke, Prieto, and Robbins.

Collectively, the Fresh Truck distributions have resulted in the provision of fresh fruits and vegetables, as well as some shelf stable items during the COVID-19 pandemic, to an estimated 41,304 households, representing 136,305 individuals, totaling more than 928,400 pounds of food. Most of the individuals benefiting from the Fresh Truck screened positive for food insecurity at a CCH health center visit.

The GCFD's Fresh Food Truck visits for the month of February include the following ACHN Health Centers.

- February 1 North Riverside Health Center 1800 S. Harlem Avenue, North Riverside, IL 60546
- February 3 Austin Health Center 4800 W. Chicago Avenue, Chicago, IL 60651
- February 8 Cottage Grove Health Center 1645 Cottage Grove Avenue, Ford Heights, IL 60411
- February 15 Robbins Health Center 13450 S. Kedzie Avenue, Robbins, IL 60472
- February 17 Englewood Health Center 1135 W. 69th Street, Chicago, IL 60621

IMPACT 2023 Objective 5.1c

Community Advisory Councils

Cook County Health Community Advisory Councils (CAC) include patients, community and religious organizations and serve as a way to promote our services in the communities where our centers are located. The Councils provide feedback to our staff and help strengthen our health center's relationships in the community. The councils meet quarterly to provide current information on Cook County Health and as an avenue for members to share information about their organizations.

During the First Quarter of 2022, topic presentations include Patient Experience, the Cook County HIV Integrated Programs (CCHIP), and Social Work. In addition, updates on Cook County Health, Covid-19 Vaccination and Community Outreach are provided. Each clinic also does an update on its operations at the meeting. Upcoming CAC meeting dates, including the 2022 schedule:

Cottage Grove: Tuesdays at 1:00 PM: January 25, April 26, July 26, October 25 1645 S. Cottage Grove Avenue, Ford Heights, IL 60411

Provident Hospital/Sengstacke Health Center: Wednesdays at 9:00 AM: January 28 (Friday), April 13, July 13, Oct. 12 500 W. 51st Street, Chicago, IL 60609

Blue Island: Wednesdays at 1:00 PM: February 16, May 18, August 17, November 16 12757 S. Western Ave., Blue Island, IL 60406

Arlington Heights: Tuesdays at 1:00 PM: February 22, May 24, August 23, November 29 3520 N. Arlington Heights Road, Arlington Heights, IL 60004

Robbins: Tuesdays at 1:00 PM: March 8, June 14, September 13, December 13 13450 S. Kedzie Road, Robbins, IL 60472

North Riverside: Wednesday at 1:00 PM: March 16, June 15, September 14, December 14 1800 S. Harlem Avenue, North Riverside, IL 60546

Englewood: Thursday at 1:00 PM - March 17, June 16, September 15, December 15 1135 W. 69th Street, Chicago, IL 60621

IMPACT 2023 Focus Area 5

Legislative Update

Local

- On January 11, the Cook County Health & Hospitals Committee held its monthly meeting. CCH CEO Rocha, and CCDPH Co-Leads, Dr. Joshi and Dr. Rubin presented an update on the COVID-19 Vaccination Program and Contact Tracing and responded to questions from Commissioners.
- On January 19 CCH participated in the Cook County Joint Health & and Hospitals and Criminal Justice
 Committee meeting on anti-violence strategies. Kathy Chan, CCH Director of Policy and Dr. Kiran Joshi, Cook
 County Department of Public Health Co-Lead presented and responded to questions from Commissioners.
 Other presenters included ehe offices of the Cook County Justice Advisory Council, Chief Judge, Sheriff, State's
 Attorney, Public Defender, Clerk of the Circuit Court and Emergency Management & Regional Security. Future
 meetings will focus on the creation of a County based interagency task force.

State

 Legislators were scheduled to return to Springfield for in-person session on January 4. However, due to the surge in COVID-19 cases, both chambers cancelled nearly all in-person session days this month. Virtual committee hearings have been taking place, with more than 1700 new bills filed in the House and Senate over the last few weeks.

The House and Senate are now scheduled to return to Springfield on February 1, with the Governor's State of the State and Budget Address scheduled for February 2.

House and Senate leaders have said that they intend to stick with their original schedule for committee and final bill passage deadlines, with April 8 as the last day of the spring session.

- Based on feedback from operational and clinical leadership, Cook County Health will be leading or co-leading two legislative efforts in the Spring 2022 session.
 - SB3695 (Sen. Jacqueline Collins) / HB4642 (Rep. Robyn Gabel) Amends the Freedom of Information
 Act (FOIA) to update the definition of "medical records" to include electronic medical records and
 HIPAA protections to ensure that the private health information of CCH patients cannot be subject to
 public records requests.
 - SB3734 (Sen. Mattie Hunter) / HB4645 (Rep. LaToya Greenwood) Creates the Equity and Representation in Health Care Act, which creates a new loan repayment and scholarship program to promote diversity among health care providers when it comes to race, ethnicity, or other demographics. This Act will also build and strengthen the workforce at community-based provider locations that serve a high-proportion of Medicaid and uninsured patients, specifically at FQHCs, FQHC look alikes, and provider locations operated by CCH. A separate bill also requests a \$50M appropriations to support the scholarships, loan repayments, and program operations. CCH co-leads this effort with the Illinois Primary Health Care Association, which represents FQHCs statewide.

Other bills of interest CCH supports include:

- HB4437 (Rep. Delia Ramirez) Expands Medicaid to adults 19-54 years with income at or below 138% FPL, regardless of immigration status. Healthy Illinois leads this effort.
 - Healthy Illinois successfully advocated for coverage for immigrant adults 65+ years, which began December 2020, and coverage for those 55-64 years, which will begin no later than May 2022.
- SB3632 (Sen. Doris Turner) / HB4264 (Rep. Greg Harris) Getting To Zero Omnibus, which includes a \$15M appropriations request that will support increased access to and uptake of PrEP, keep more people living with HIV in care, and continue funding for supportive services. This is an initiative of the AIDS Foundation of Chicago.

The Illinois Department of Healthcare and Family Services <u>proposed rules for the new Health Benefits for Immigrant Adults program</u>, which will expand Medicaid-like coverage to non-citizen adults 55 through 64 years who meet Medicaid income requirements (household income less than 138% FPL). This expanded coverage was authorized through language included in the FY2022 Budget Implementation Bill (SB2017 / PA 102-0016).

The program start date is expected no later than May 2022. Individuals will be able to request up to three months of backdated coverage, so coverage and reimbursement could be available as early as February 2022.

While most of the rule mirrors the structure of the 65+ expansion that has been in place since December 2020, the rule includes language that would continue to exclude long term care as well as home and community-based services from coverage for this population. CCH is reviewing the proposed rule and expects to submit comments supporting the expansion, while encouraging HFS to provide this newly eligible population with a comprehensive benefits package.

Federal

FY 2022 Budget and Reconciliation – On December 19, 2021, Sen. Joe Manchin (D-W.V.) released a statement declaring that, despite months of intraparty negotiations, he would not vote for the Build Back Better Act (BBB), citing his more pressing concerns over federal debt, inflation and the rapidly spreading COVID-19 omicron variant. Manchin's statement effectively scuttles any chance for successfully advancing even a pared-down version of President Biden's human infrastructure legislation for the time being. While Democratic leaders pledged to continue working on a path forward on BBB, the Senate pivoted to focus on voting rights legislation in January.

The County is exploring what may be possible through another legislative vehicle or a slimmed down BBB for its priorities, including:

- Medicaid Reentry Act: This provision would permit Medicaid to reimburse for services provided to Cook County Jail inmates during the 30 days prior to their release.
- Public Health Infrastructure: Funding to support core public health infrastructure activities to strengthen the public health system through grants to state, territorial, local, or Tribal health departments, including direct funding for large county public health departments.
- Maternal and Child Health: The "Momnibus" provisions to require states to cover pregnant women for a full twelve months postpartum and make investments to reduce inequities in maternal health outcomes and strengthen the maternal health workforce.
- Safety-Net Hospital Infrastructure: Grants for construction or modernization projects to increase capacity and update safety-net hospitals and other medical facilities

.....

Appropriations – The parties are still deadlocked on the top-line FY 2022 funding levels for defense and non-defense discretionary spending. Having said that, "four corners" negotiations (i.e., the chairs and ranking members of the House and Senate appropriations committees), have resumed with the goal of completing an FY 2022 omnibus appropriations bill by February 18, 2022, when the current continuing resolution (CR) expires. Appropriators are hopeful that they can reach agreement. One incentive to find a compromise is that there is bipartisan interest in delivering the hundreds of congressionally directed local projects (aka "earmarks") requested by Members and approved by the committees. These include a grant to CCH for an EMT apprenticeship program, requested by Sen. Durbin.

At the same time, conversations have begun on the Hill around the potential for an additional emergency supplemental appropriation to address COVID-19 needs which emerged during the delta and omicron surges. The White House has not yet submitted a request, but it would likely need to do so in time to be considered in conjunction

with the FY 2022 omnibus. Leaders would like to complete FY 2022 annual appropriations, including a supplemental, before the March 1 State of the Union Address and the FY 2023 budget request which would be expected to follow shortly after the speech.

Medicare Cuts – Hospital organizations are already calling on Congress to extend the delays enacted in early December. The legislation delayed the 2 percent cut to Medicare rates through March 2022 and a separate 4 percent Medicare cut totaling about \$36 billion to 2023.

Biden Administration – On December 21, the White House announced an updated COVID strategy including that 1,000 military doctors, nurses, paramedics, and other personnel would be deployed by FEMA to hospitals in January and February as needed. The Administration also announced that it would purchase 500 million at-home tests to mail to Americans beginning in January via a website and open new federal testing sites.

Before the end of the year, HHS began to distribute approximately \$9 billion in CARES Act Provider Relief Fund (PRF) Phase 4 payments. According to HHS, due to many applications being submitted and processed, some providers' payments have been delayed. Hospital organizations are calling on Congress to require HHS to release the remainder of the PRF funds and to provide up to \$25 billion in additional PRF funds to address the impacts of the delta and omicron surges.

On January 4, the Administration announced it had doubled its purchase of Pfizer's Paxlovid from 10 million to 20 million courses. They expect to have the first 10 million courses delivered by the end of June, with the remaining 10 million courses delivered by September.

Paxlovid was authorized by the FDA on December 22 and Merck's oral COVID-19 therapy, molnupiravir, was authorized the next day.

On January 13, the U.S. Supreme Court ruled that the Administration's OSHA regulations requiring large employers to enforce a vaccine or test mandate for employees exceeded the agency's authority. At the same time, the Court upheld the authority of CMS to issue a vaccine mandate for health care providers.

On January 14 HHS Secretary Becerra extended the COVID-19 Public Health Emergency (PHE) for an additional 90 days. It was set to expire on January 16. Among other things, the enhanced Medicaid federal medical assistance percentage (FMAP) of an additional 6.2 percent is linked to the PHE. Hospital organizations are calling on Congress to provide a for an orderly phase out of the enhanced FMAP, which was a provision of the House-passed BBB.

On January 19 the Administration announced it would distribute 400 million N95 masks from the Strategic National Stockpile to all Americans over the next month. They plan to begin shipping the masks to pharmacies and community health centers and expect the program will be operational by the end of February.

On January 20 HHS Secretary Becerra and HRSA Administrator Johnson announced \$103 million in funds from the American Rescue Plan would be used to address mental illness and severe burnout for healthcare providers dealing with the pandemic.

@Cook County Health Dec 20, 2021 • 10:36 PM

Congratulations to our staff who were recognized at Friday's Board of Directors meeting. We appreciate everything you do to go above and beyond for our patients at Cook County Health!

One year ago, Cook County Health began to administer the COVID-19 vaccines. More than 930,000 doses have now been given out. Please help us avoid a holiday surge. Get vaccinated if you have not, and if you are eligible, get the booster. Visit myshotcookcounty.com to learn more.

Learn more about what the omicron variant means for Cook County and about CCH's expansion of HIV and PrEP services in this month's community newsletter. https://lnkd.in/e_7Rk7cj
