Standard Job Description

Job Title
Attending Physician VI-SC

Department
Family Medicine

Job Summary

The Attending Physician VI in the Department of Family provides outpatient care, educates medical trainees including medical students, residents and fellows, and participates in the quality improvement and program development activities of the Division of Family Medicine.

Typical Duties

- Conducts full-time outpatient sessions with an expected productivity of at least 2000 outpatient visits (including residents-supervised visits) per year or its equivalent in inpatient medicine ward attending hours at John H. Stroger, Jr. Hospital or its equivalent in obstetrical attending care hours (at current practice sites).
- Participates in clinical, academic, and programmatic activities of the Cook County Health & Hospitals System (CCHHS) Family Medicine Residency Program and clinic sites as assigned.
- Participates in supervising, advising, and mentoring residents, medical students, and other learners in their clinical and professional development.
- Supports clinical performance, scholarship, and research objectives of the training program, the clinic sites, and inpatient teaching services, and the Department.
- Participates in inter-professional/departmental collaborative efforts, health system initiatives, and strategic goals, community service, recruitment and retention, academic and administrative activities as deemed appropriate by the CCHHS Chair for Family and Community Medicine.

Reporting Relationships

Reports to Chair of Department of Family & Community Medicine

Minimum Qualifications

- Doctor of Medicine (MD) or Doctor of Osteopathy Medicine (DO) from an accredited college or university.
- Licensed as a physician in the State of Illinois
- Illinois and Federal controlled substance license
- Three (3) years of clinical experience as resident physician in Family Medicine
- Board eligibility or certification in Family Medicine

Preferred Qualifications

- Obstetrics experience
- Research experience
- Patient Centered Medical Home practice model experience
- Electronic Health Records experience
