Job Title

Patient Access Quality Management Coordinator

Department

Admissions

Job Summary

Monitors and evaluates the quality, appropriateness and daily functions of staff within the Patient Access Department of Cook County Health (CCH). Maintains the accounts receivable systems for optimum performance in tracking and collection accounts receivable. Promotes quality review by initiating/participating in specific reviews/audits and assists with quality monitoring.

Typical Duties

- Monitors and evaluates the quality and appropriateness of work performed by Patient Access staff and addresses performance issues.
- Monitors the daily functions of admitting, bed control, same day surgeries, centralized registration, pre-certification, and financial counseling staff within the constraints of the overall department strategy set forth by the CCH management of Patient Access.
- Mentors and develops current department staff and aides System Manager in management succession planning.
- Assists with reviewing of policies and procedures developed within the department.
- Operationalizes new/revised policies and identifies gaps and concerns with new policies.
- Develops and maintains the accounts receivable systems for optimum performance in tracking and collecting accounts receivable.
- Utilizes system and ad hoc reports to identify opportunities for improvement in the Patient Access process.
- Monitors vendor performance and recommends change when appropriate.
- Remains abreast of compliance regulations, standards and directives regarding governmental/regulatory agencies and/or third-party payers.
- Promotes quality review by initiating/participating in specific reviews and assists with quality monitoring.
- Collaborates with CCH Leadership of Patient Access to create executive level summary reports.
- Participates in organizational and departmental committees, as well as in special projects.
- Performs other duties requested by Leadership of CCH Patient Access department.

Minimum Qualifications
