

Job Code: 8090

Grade: 24

HCWR: Exempt

Job Title

Technology Information Officer

Department

Information Systems / Information Technology

This position is exempt from Career Service under the CCH Personnel Rules.

Job Summary

The Technology Information Officer (TIO) is responsible for identifying and implementing various technology solutions within Cook County Health and Hospitals Systems (CCHHS) and delivering the required IT solutions to various users. Researches and evaluates the best software that supports the medical, business and clinical systems used throughout CCHHS and at any affiliated hospitals or clinics. Ensures that any new software or hardware is compatible with existing systems, and determines if new systems/infrastructure are required. Researches and consults with Hospital Leadership and users to uncover issues with existing systems and recommends solutions. Working with the IT Operations Officer, ensures the availability, reliability and capacity of existing infrastructure and systems. In conjunction with the Chief Information Officer - CCHHS (CIO) and Medical Information Officer (MIO), assists in aligning technology vision with business strategy by integrating Hospital processes with appropriate technologies and solutions.

General Administrative Responsibilities

Collective Bargaining

- Review applicable Collective Bargaining Agreements and consult with Labor Relations to generate management proposals
- Participate in collective bargaining negotiations, caucus discussions and working meetings

Discipline

- Document, recommend and effectuate discipline at all levels
- Work closely with labor relations and/or labor counsel to effectuate and enforce applicable Collective Bargaining Agreements
- Initiate, authorize and complete disciplinary action pursuant to CCH system rules, policies, procedures and provision of applicable collective bargaining agreements

Supervision

- Direct and effectuate CCH management policies and practices
- Access and proficiently navigate CCH records system to obtain and review information necessary to execute provisions of applicable collective bargaining agreements

General Administrative Responsibilities

Management

- Contribute to the management of CCH staff and CCH' systemic development and success
- Discuss and develop CCH system policies and procedures
- Consistently use independent judgment to identify operational staffing issues and needs and perform the following functions as necessary; hire, transfer, suspend, layoff, recall, promote, discharge, assign, direct or discipline employees pursuant to applicable Collective Bargaining Agreements
- Work with Labor Relations to discern past practice when necessary

Typical Duties

- Establishes the technical vision for CCHHS and with the CIO and MIO leads all aspects of the integration of CCHHS processes with technologies
- Leads the development and implementation of technology solutions for CCHHS
- Works with all functions of the hospital (medical, business and clinical) to develop a timeline for technology implementation throughout the hospital systems structure
- Works with IT Operations Officer to implement technology solutions
- Collaborates with the appropriate departments to assess and recommend technologies that support hospital needs.
