Job Title

Department

Attending Physician, General Anesthesiology & Pain Management

Anesthesiology & Pain Management

Job Summary

The Attending Physician, General Anesthesiology & Pain Management will be responsible for patient care, resident/fellow training, daily administrative duties, and conducting quality assurance projects per the needs of the Anesthesiology and Pain Management Service throughout CCH covering services as John H. Stroger, Jr. Hospital, Provident Hospital, and clinics/procedure areas where anesthesiology/pain services are provided. The scope of these activities cover hospitalized patients and all phases of ambulatory care. The majority of the Anesthesiologist's time will be devoted to patient care. Administrative duties and quality assurance activities will be offered based on the needs of the department.

Typical Duties

- Provides anesthetic and pain management care throughout the hospital while meeting and exceeding compliance standards
- Provides complete range of anesthetic care to patients including preoperative assessment, intraoperative anesthetic administration and monitoring, and post anesthesia care in compliance with the national Joint Commission on Accreditation of Healthcare Organizations standards
- Works independently, clinically supervises residents/fellows, and provides medical direction to Certified Registered Nurse Anesthetist's (CRNA)
- Provides anesthesia related care in all dedicated areas of the Operating Rooms (OR), Obstetrics, Post Anesthesia Care Unit, Intensive Care Units, Ward, Pain and where service is requested
- Examines patients, obtains medical history, and uses diagnostic test to determine risk during surgical and other medical procedures
- Coordinates and directs clinical work during medical procedures with nurses, residents/fellows, CRNA's, medical technicians, and health care providers
- Administers anesthetic or sedation during medical procedures using local, regional, general, and Monitor Anesthesia Care (MAC) types of anesthesia
- Coordinates the administration of anesthetics with surgeons during procedures in the operation room
- Provides and maintains life support and airway management as needed, and helps prepare patients for emergency surgery
- Determines when patients have recovered, or stabilized enough, to be transferred to Intensive Care Unit, or discharged home following surgery
- Works daily hours, take 1st call (in-house), as well as 2nd, 3rd, 4th, 5th calls or other calls based on OR needs
- Performs all other related duties as assigned

Minimum Qualifications

- Doctor of Medicine (MD) or Doctor of Osteopathy Medicine (DO) from an accredited medical college or university
- Licensed as a physician in the State of Illinois or have the ability to obtain license prior to starting employment
