FAMILY & GENERAL MEDICINE

No matter your age, at Cook County Health, your health and wellness are our top priorities. We are committed to building lasting relationships with our patients, their families and communities to promote good health at every stage of life.

Whether you need an annual exam or more specialized care, our primary care providers are here to offer you the best possible health care including:

- Annual physicals and health exams
- Immunizations
- Acute care for injury or short-term illness
- Care of chronic and complex illness
- Special procedures
- Care coordination with specialists, mental health providers and community services

PRENATAL CARE

Obstetrics (OB) provides complete care for pregnant women.

- Pregnancy testing
- Routine prenatal exams and pregnancy care
- Care for high risk pregnancies
- Breastfeeding support
- Ultrasound services
- Fetal heart rate monitoring services
- In hospital labor and delivery care
- In hospital newborn care

We can help guide you to a healthy, safe delivery at Cook County Hospital. After your baby is born, we can continue to help care for you and your baby, so you feel confident as a mother here at Arlington Heights Health Center.

WELL-WOMAN CARE

We offer full medical services for every phase of a woman's life – from teenage years to menopause.

- Pregnancy testing
- Gynecological exams
- STI testing and treatment
- Family planning contraceptive services
- Breast and Cervical Cancer screenings
- Mammogram referrals
- Menstruation and Menopause care

Our team is here to provide general gynecology services for prevention and to maintain good health. We recommend you see your provider for annual check-ups starting in your teens.

PEDIATRICS

Children should see their pediatrician yearly for a physical exam to check developmental milestones and receive their required vaccinations. Our health center also offers school and sport physicals. When your child is sick, we are here for you. Same day appointments available.

Well-child Visits

- School and sports physical exams
- Growth and developmental milestones
- Immunizations

Adolescent Services

Pediatric Specialty Care Needs

- Pediatric specialty services are located at Stroger Hospital, referrals can be obtained by your Arlington Heights pediatrician.

Common Reasons for Sick visits:

- Fever above 101°
- Frequent diarrhea
- Lingering coughs
- Continual vomiting
- Pain when urinating
- Rash
- Persistent colds
- Breathing problems
