C. Contracts and Procurement Items (continued)

During the discussion of request number 1, regarding temporary staffing, Mr. Jones and Dr. Beena Peters, Chief Nursing Officer, provided additional information. It was noted that a presentation on the Vizient contract for contract management and nurse registry services will be reviewed later in the meeting. Dr. Peters stated that this contract was initiated to support the staffing needs predicted for a potential Covid-19 resurgence. The average onboarding for a Vizient nurse is 3-5 weeks, so there was a need for a short term contract. It was noted that there are a number of factors that influence the Vizient onboarding timeframe, and they are working to reduce that time to onboard. The initial goal was to support the resurgence, but now looking at the current census, which has increased 20% in the last four (4) weeks, the nursing services may be used for a few more weeks while Vizient is recruiting nurses. Mr. Jones noted that, with regard to the phlebotomists and respiratory technician services, those services are expected to be utilized through November.

Andrea M. Gibson, Interim Chief Business Officer, provided an overview of the proposed Transfer of Funds.

The presentation included information on the following subjects:

- Contract Scope
- Contract Implementation and Benefits
- Contract Agency Use FY2021-Q1
- County Recognized M/WBE Usage
- Recruitment Challenges
- Projected Budget and Control Allocation Shortage

Director Deer inquired regarding an issue that was brought to his attention pertaining to delays in payments to the minority vendors under the Vizient contract; he wants to make sure any delays have been rectified. Mr. Jones stated that, under the Vizient contract, CCH pays Vizient, and Vizient is then responsible for paying their vendors; if CCH pays Vizient on time, there should be no delays in Vizient paying their vendors. For that particular example referred to by Director Deer, the vendor had either provided incorrect banking information to Vizient, or Vizient had recorded the vendor’s banking information incorrectly, so the minority vendor’s first payment actually went to a different vendor; it has since been resolved.
VI. **Recommendations, Discussion/Information Items**

A. **Report on Vizient contract for contract management and nursing registry services (continued)**

Director Harrington inquired regarding whether CCH has done an analysis of the services being provided, and if so, what criteria/data is used? Dr. Peters stated that, from a nursing perspective, they measure the quality of the services provided, and they are also looking at the onboarding time; she stated that she will present those indicators for the Committee’s review. Director Driscoll suggested that the administration develop a process to evaluate the satisfaction of the agency nurses who work with CCH.

Director Deer stated that the Committee should receive another update on this contract within the next quarter, and should get quarterly updates on a regular basis. Chair Reiter agreed, and stated that the Committee will receive an update on this contract in August.
