Memo: 12-Month Purchase of Reinsurance for CountyCare Health Plan (01/01/-12/31/2022)

Since the inception of CountyCare, Cook County Health (CCH) has purchased reinsurance to offset the risk of its high-cost members. Claims costs incurred in excess of a per member threshold amount within a calendar year are reimbursed to CCH. Coverage is priced on a PMPM basis for Medicaid and Medicare by population type (e.g. FHP, SPD, ACA Adults, MA, SNP).

The CCH policy is issued under a County-wide insurance brokerage contract with Alliant Insurance Services, managed by the County's Office of Risk Management. CCH recommends entering a stop-loss policy coverage for twelve months, through December 31, 2022. Based on the bids submitted, and pricing and risk analysis, the recommended policy would establish a threshold for reinsurance at \$3,000,000 for Medicaid and \$300,000 for Medicare. Terms will include:

- \$3,000,000 per member deductible for Medicaid and \$300,000 per member deductible for Medicare
- 90% reinsurance once deductible is met
- Medicaid medical costs are calculated at 100% of Medicaid for non-CCH providers and at 29% of charges (comparable to standard Medicaid rates) for services provided at CCH
- Medicare medical costs are calculated at the contracted rate (not to exceed 105% Medicare allowable) or 100% of Medicare allowable for noncontracted providers
- Blood factor products, blood derivatives and anti-inhibitor coagulant complex excluded for certain members
- Cell and gene therapy not FDA approved are excluded
- Retail, mail order, or Medicare Part D pharmaceuticals are excluded

This memo requests the Board's approval of payment not to exceed \$1,202,000 for the purchase of reinsurance as described above for CountyCare members. The coverage will be provided by Sequoia, as placed by Alliant Insurance Services, the County's insurance broker.
