NEW PROPOSAL JUSTIFICATION:
Vendor will utilize novel approaches for the analysis of drugs using comprehensive non-targeted data acquisition by Gas Chromatography Mass Spectrometry (GC-MS) and Liquid Chromatography Quadrupole Time-Of-Flight Mass Spectrometry (LC-QTOF-MS). The scope of analysis for testing contains more than 1,200 drugs and was established as a comprehensive effort examining various drug materials and drug forms. Samples from community-based drug checking programs using Fourier Transform Infrared Spectroscopy (FTIR) mass spectrometers will be sent to vendor to confirm FTIR testing of substances and to identify novel substances. Drug checking is part of a comprehensive harm reduction approach to help prevent opioid overdose deaths.

This is a sole source because vendor has the most extensive library database employed and is the only confirmatory laboratory determining drug content (or purity, i.e., the proportion of a drug in the sample) for drug checking programs nationally.

COMPETITIVE SELECTION METHODOLOGY:			
<input checked="" type="checkbox"/> NON-COMPETITIVE SELECTION METHODOLOGY: Sole Source			

PRIOR CONTRACT HISTORY:

On 08/28/2015, the CCH Board of Directors approved contract number H15-25-111 in an amount not to exceed \$184,750,000.00 for a sixty (60) month period from 01/01/2016 thru 12/31/2020. On several occasions, the CCH Board of Directors approved requests to amend the contract provisions, increase the contract by \$1,671,467.71, \$5,947,714.00, \$3,482,218.00, \$4,236,908.97, \$297,513.61, \$191,000,000.00, \$19,678.00, \$15,000.00, \$1,421,220.00, \$854,562.00, and \$3,494,869.00, respectively, and extend the contract period through 12/31/2025.

NEW PROPOSAL JUSTIFICATION:

This extension includes extending the current base Electronic Medical Record (EMR) software, hardware, services, staff, data storage, cloud infrastructure, EMR staff augmentation, various Oracle sublicensed software, and equipment. The increase also enhances the base EMR, the digital health platform for population health, improves interoperability with CCH managed care and public health, increases system-wide cyber security expansion, continues revenue cycle optimization, and deploys an acute case management platform.

This request is a sole source because the requested products and services are only available from the Oracle Cerner CCH Electronic Medical Record System, which is the CCH current system of record for all patient clinical care and documentation.

TERMS OF REQUEST:
