Brief Overview:

Center for Health Equity and Innovation

Leticia Reyes-Nash, Director, Office of Programmatic Services and Innovation

January 23, 2020
Center Co-Leads

**Funding and Innovation:**
Leticia Reyes-Nash, MBA, Director of Programmatic Services and Innovation

**Research and Solutions:**
William Trick, MD, Director of Collaborative Research Unit
Impact 2023

Strategic Plan

• Focus Area 5: Impact Social Determinants and Advocate for Patients
  • Objective 5.2: Elevate organizational contributions to disparities.
    • Expected Outcomes: Establish Center for Health Equity and Innovation.
Center for Health Equity and Innovation

The Center is an innovation platform that:

• Fosters a learning health system
• Provides ideation of programs to support CCH strategic priorities through programmatic, data and technological innovations
• Develops ground-breaking partnerships to strive for health equity
• Identifies and obtains resources for these innovations
Future Plans

Next Steps

• Convene internal and external stakeholders to create the mission, vision, and values for the center.
• Survey and assess innovation centers nationally.
• Develop a Health Equity and Community Engagement Framework for Innovation Centers.
• Host a Research and Innovation Summit focused on the launch of the Center in September.
• Test the Framework Developed

Supported in part by the Robert Wood Johnson Foundation Strategic Initiative Funding through the Culture of Health Leaders Program.

Strategic Priorities Addressed by Grant Programming

Focus Area: Impact Social Determinants of Health and Advocate for Patients

• As part of our mission at CCH, “we seek to create partnerships with other health providers and communities to enhance the health of the public.” To address the needs of our patients and community, CCH works at the intersection of social needs and health to create partnerships and programs.

Focus Area: Deliver High Quality Care

• CCH seeks to help patients manage their health through the provision of excellent primary and specialty care as well as through the pursuit of community-based partnerships to address and mitigate social determinants including housing insecurity, food insecurity, and justice-system involvement.
