In FY2020, the Cook County Tax Allocation will Represent less than 5% of CCH’s Operating Revenue.

FY2020 Success Factors

The FY2020 budget proposal aligns with the recently approved CCH strategic plan, IMPACT 2023, however, success will depend on:

• The ability to meet the uncompensated care demand. Growth in uncompensated care is unsustainable with current revenues. Public Charge rule may further impact uncompensated care.

• Partnerships with labor, working on efficiencies and process improvements, and patient-centered focus

• Entering into strategic partnerships with other providers to drive volume, expand access and enhance quality

• Stability of state and federal programs including the 340B prescription drug program, Affordable Care Act and Medicaid including DSH (Disproportionate Share Hospital)

• Implementing identified revenue cycle improvements based on best practices

• Modest Medicaid membership growth and stable Medicaid rates

• CountyCare members’ use of CCH services

• Adapting to the dynamic larger healthcare environment
