If a Respondent wishes to preserve the confidentiality of specific proprietary information set forth in its Submittal, it must request that the information be withheld by specifically identifying such information as trade secrets or commercial or financial information that are proprietary, privileged or confidential, and that disclosure would cause competitive harm, in its Submittal, respectively. The Respondent is hereby warned that any part of its Submittal or any other material marked as confidential, proprietary, or trade secret, can only be protected to the extent permitted by Illinois law. The County shall have the right to determine whether it shall withhold information upon receipt of a FOIA request, and if it does so pursuant to a Respondent request, the Respondent requesting confidential treatment of the information shall bear the costs of asserting that there is a proper exemption justifying the withholding of such information as proprietary in any court proceeding which may result. This notwithstanding, Respondent is on notice that the County is subject to the FOIA and that any documents submitted to the County by the Respondent may be released pursuant to a request under the FOIA.

6.17 Use of Sub consultants.

The Respondent's response must include a description of which portion(s) of the work will be subcontracted out, the names and addresses of potential Sub consultants and the expected amount of money each will receive under the contract. The County reserves the right to accept or reject any sub consultant if in the County's sole opinion, it is in the best interest of the County. (It should be noted that this is covered in the CMar agreement regarding compensation.)

6.18 MBE/WBE Participation.

Cook County Health has a strong commitment to the economic benefit of minority- and women-owned businesses (MBE/WBE firms), as well as to minority and female construction workers and/or material suppliers. CCH has established contracting goals for certified MBE/WBE participation. **The office of Contract compliance is recommending that the MBE/WBE goal for the above-referenced project be set at 35% M/WBE overall participation for the professional services portion of the contract and 24% MBE and 10% WBE participation for the construction services portion of the contract.** This determination is based upon the Statement of Work, in addition to an analysis of the availability in the marketplace of current certified MBE and WBE firms that are certified to supply this commodity.

CMaR's apply these goals to all subcontracting tiers, suppliers, and consultants hired or retained in performance of work for CCH. CMar's are directed to achieve the levels of participation throughout the life of, and for the full value of, every contract, including any additional services, allowances, or change orders. During the performance of this Project, the MBE/WBE and Employment utilization goals relating to contracting and workforce are as follows. See Attachment CC for more details concerning the Diversity & Inclusion Plan.

The above EEO utilization goals are based on hours generated by workers in the labor classifications provided above. Respondents are to include with their Proposals a fully completed Attachment A identifying their proposed MBE/WBE sub consultants and/or material suppliers. Attachment A can be found as part of the full proposal Package. Please, provide current letters of certification for your proposed MBE/WBE sub consultant and/or material supplier.

6.19 Respondent's Disclosure and Conflict of Interest.

The Respondent will be bound to the County's best interests during the term of the Agreement. The Respondent will notify the County of any possible or potential conflict of interest, which may result from the Respondent's other activities and shall commence such other activities only after written approval of the County, which may not be unreasonably withheld.

6.20 Awards.

The Respondent will be bound to the County's best interests during the term of the Agreement. The Respondent will notify the County of any possible conflict of interest, which may result from the Respondent's other activities and shall commence such other activities only after written approval of the County, which may not be unreasonably withheld.

6.21 Cook County Rights.

The County reserves the right to reject any and all Submittals, to waive any informality in the process and, unless otherwise specified by the Respondent, to accept any item in the Submittal. The County also reserves the right to accept or reject all or part of a Submittal, in any combination that is economically advantageous to the County.

6.22 Alteration/Modification of Original Documents.

The Respondent certifies that no alterations or modifications have been made to the original content of this RFQ or other procurement documents (either text or graphics and whether transmitted electronically or hard copy in preparing this Submittal). Any alternates or exceptions (whether to products, services, terms, conditions, or other procurement document subject matter) are apparent and clearly noted in the offered Submittal. Respondent understands that failure to comply with this requirement may result in the Submittal being disqualified and, if determined to be a deliberate attempt to misrepresent the Submittal, may be considered as sufficient basis to suspend or debar the submitting Respondent from future County Bid and RFQ procurement opportunities.

6.23 Recycling.

Packaging, which is readily recyclable, made with recyclable materials, and designed to minimize potential adverse effects on the environment when disposed of by incineration or in a landfill is desired to the extent possible. Product(s) offered which contain recycled materials may be acceptable provided they meet all pertinent specifications and performance criteria outlined in this RFQ. If the product(s) offered are manufactured utilizing recycled materials, identify the percentage composition and nature of the recycled content within.

7. Evaluation and Selection Process.

7.1 Responsiveness Review.

County personnel will review all Submittals to ascertain that they are responsive to all submission requirements.

7.2 Acceptance of Submittals.

OSCM reserves the right to reject any or all Submittals or any part thereof, to waive informalities, and to accept the Submittal deemed most favorable to the County.

7.3 Evaluation Process.

An Evaluation Committee comprised of County personnel will evaluate all responsive submittals in accordance with the evaluation criteria detailed below.

7.3.1 Short List.

This evaluation process may result in a short-list of Respondents. The Evaluation Committee (EC), at its option, may request that all or short-listed Respondents make a presentation, other customer testimonials, submit clarifications, schedule a site visit of their premises (as appropriate), provide a best and final offer, provide additional references, respond to questions, or consider alternative approaches.

7.3.2 Respondent Presentations.

The EC may, but is not required to, conduct one or more formal presentations, team interviews, or clarification sessions with any or all Respondents, in order to fully understand and evaluate the Submittals.

7.3.3 Right to Inspect.

The County reserves the right to inspect and investigate thoroughly the establishment, facilities, equipment, business reputation, and other qualification of the Respondent and any proposed sub consultants and to reject any Submittal regardless of price if it shall be administratively determined that in the County's sole discretion the Respondent is deficient in any of the essentials necessary to assure acceptable standards of performance. The County reserves the right to continue this inspection procedure throughout the life of the contract that may arise from this RFQ.

7.4 Selection Process.

Upon review of all information provided by shortlisted Respondents, the evaluation committee will make a recommendation for selection to Supply Chain Management for concurrence and submission to the County elected officials. The County reserves the right to check references on any projects performed by the Respondent whether provided by the Respondent or known by the County. The selected Submittal will be submitted for approval to the Cook County Hospital Board. CCH intends to select a Submittal that best meets the needs of the County and provides the best overall value. Upon approval of the selected Respondent, a contract will be prepared by the County and presented to the Selected Respondent for signature.

7.5 Selected Respondent's Presentation to County Leadership.

The County reserves the right to require the Selected Respondent to present its Submittal to County employees that are non-EC members. In such event, if requested by either the Selected Respondent or the County's Representative, the parties involved in such presentation will sign the Confidentiality Agreement to prevent disclosure of information prior to approval by the County Board.

8. Selection Process and Evaluation Criteria.

8.1

The selection process will be conducted in (2) steps as follows:

8.1.1 Step 1: Presentation of Project Specific Qualifications and Approach.

This RFQ provides requirements and data, which will be used as a basis for a written presentation of qualifications of the firm(s) and proposed staff, project approach, systems and methodologies for delivery of the Project. CCH will evaluate the qualifications to establish a list of qualified participants for Step 2.

8.1.2 Step 2: CMaR Services Proposal Interview.

In Step 2 the selected CMaR Teams may be invited to participate in an interview, to present their scope of services, introduce the key team members, further elaborate on the details included in the submittal and respond to any questions posed by the Owner. The CMaR interview will be expected to present their scope of services from its current phase of development through the completion of the Project.

At the formal interview, the Teams will be expected to focus on project specific issues associated with their approach to the Project. It is expected that the individuals with the primary presentation role at the interview will be those individuals proposed to be involved on this project on a day-to-day basis.

The top ranked firm or firms will be invited to review their proposal with CCH to negotiate cost based on specifically developed scope. If CCH and the top ranked firm are unable to reach agreement, CCH reserves the right to begin negotiations with the next highest ranked firm or firms.

8.2 Responsiveness of Submittal.

Respondent must be compliant with all the submission requirements of the RFQ.
